IGL PASSION SCRIPT (2015)**

For a male narrator

I know you are excited thinking about what is going to happen, but for now—just relax. Take a deep breath in, hold it and let it go. Feel all the negativity flow from your mind as you exhale. Pleasure is good. You are safe and comfortable. Just relax. Keep breathing for me, naturally, something you do without thinking every minute, of every hour, of every day.

Feel the delicious tingle racing through your veins as you breathe in and the warm glow of pleasure deep in your belly as you exhale. Every breath you take makes you feel more aware of the sensations in your body and more and more relaxed. Feel all the tension in your body fade away, like ice melting in warm water.

I want to take you deeper this time, so you can feel much more. It is okay, you are safe. You are in complete control of your mind and body we are just going to relax together.

I am going to count from five to one and when I reach one you are going to be so relaxed and so very, very aroused. Five, feeling your body sinking into the surface on which you lie. Four, each word I speak makes your skin more and more sensitive. Three, fuck, feels soooo good. Two, you want to feel everything—and you will, one—you're so relaxed and so horny.

I turn and face you, take a step forward and I am in your arms. Kissing you, my tongue in your mouth, tangling with yours as I press my hard body against you. Feel the heat of my cock against your hip. MMMM, Reach down and grab my hips, pull me tighter to you, ooh, it feels so good, the pressure, you're trying to ease that ache... Your cock is aching for me isn't it?

My hands are on your ass squeezing, rubbing, pressing. Pushing you against me, over and over again, each time sending little shock waves through you. I drop down to my knees – I have to have you in my mouth. I have to taste you, feel the hard heat of you on my tongue. I remove your pants and your underwear and toss them aside. My hands slide under your shirt and glide across your nipples. You pull the shirt over your head and you are now naked before me.

Feel my hands on your thighs gripping tightly, my tongue licking where your thigh meets your hip. Ooh, you smell so good. So musky and full of passion. Moving down, I'm licking at your balls; feels so cool and wet. Makes you shiver a little. Spread your legs a little wider for me. That's good. Feel me open my mouth wide and gently suck your balls between my lips. So good. They move gently inside my mouth, I lick at them and then take one at a time suckling on them. You can feel them filling, expanding with the pleasurable sensation but, oh, you want me to suck your cock now don't you. Your hand in my hair, caressing gently, but I can feel you are trying to move my head up closer to your jutting cock. Such impatience!

Feel my tongue lick at the base of your cock, the hard tip tasting you. Mmm, so good. Licking up the length of you leaving a wet trail that's cool. I can feel you jerk as I flick my tongue around that ridge just beneath the smooth head. Oh, You like that! Makes you want even more.

My lips are kissing the velvety head, little baby kisses, teasing you. Feel the tip of my tongue licking the wet drops from your aching hard cockhead. Mmm, a sweet taste just for me. Pushing the tip of my tongue into the top, searching for more. Feels so good. You are ready to burst.

Feel my lips open over you, slipping the head of your cock into my mouth. Mmm, so warm and wet inside my mouth. Feels good doesn't it? Sliding my mouth over you, deeper and deeper, taking you – all of you. You can feel the back of my throat and then I suck you deeper still. Mmm, I love the feel of you in my mouth. The salty tang of your want. You're choking me a little, but I can take it. I want all of you. Grip my hair with your fingers, move my head. Control my mouth on you, just how you like it. Feel the muscles in my throat squeezing, trying to hold you there, suck you deeper. That's good,

faster now, I am so hard for you. My cock is slippery and wet for you, jutting out from my pants, hard up against my belly. Fuck, it is so good to have you in my mouth. I could suck you like this forever. Would you like that? To be able to push your thickness into my mouth anytime you wanted too? So good, push, pump, pull my hair. But, don't you dare fucking come. My cock is hard and aching for you. You can see I am stroking it now, moaning. I want you so much. I have always wanted you. Oh, so good to be here with you. It makes me so hot to have your cock in my mouth. Push my face against you, feel your cock buried all the way inside my mouth. My throat milking you, breathe. Feel the sensations, so good.

You pull me off your cock by my hair, and lift me to my feet. I can see how hungry you are for more. You're breathing hard and your cock is curving toward your belly. I see you reach for it stroking slowly. It is so quiet—so dark—only the lights from outside creating a soft glow. You unbutton my shirt and pull it from my shoulders. Bury your face in my chest and smell me. Smell the scent of me feel the heat of my skin, the coarse hairs against your cheek. OOOH, so good baby. I am stepping out of my shoes and then you hear the sound of my slacks falling to the floor –you're trembling...do you want my cock?

Grabbing your arm, I pull toward the bed, turn and bend you at the waist so your sweet ass is pushed up in the air. Oooh, look at that. Open exposed-- All for me. I step between your legs and spread them wider as I push my thighs between yours. Feel the smooth slippery head of my cock against your sweet pucker. Feel me slapping the cheeks of your ass with my hard cock.

We have waited a long time for this moment, but it is going to be so worth it. You can feel the pressure building. You are so fucking close to exploding. I just have to be inside of you. Feel my fingers, wet and slippery from my mouth, stoke across your ass, first one, then a second slip, inside you, stroking, opening. Then you feel the head of my cock pushing harder, seeking entrance - and pushing just a little into you.

Relax, relax, get used to the feel of me there, stretching you. Relax, then feel me push steadily all the way into me you. So deep, so full—stretching

you. You are so hot—so tight, I can feel you sucking me in deeper. Fuck that is sooo good. Full, deep, strong strokes.

Grab your cock, feel it so hard in your hand. Stroke it in time with my thrusts. Feel the pleasure all through you, everywhere. Fuck that feels good. Don't you come; feel ready, but hold onto it, for me.

I am going to fuck you harder now. You know you want me to and I so want to. So good. Fucking you harder, deeper, your one hand gripping the bed clothes, your head on the mattress, your hips pushing back up against me, so I can get deeper into you. You're stroking your cock, feels so good. Don't come yet—wait for me. Feels so good, doesn't it? Feels fucking awesome.

I am fucking you hard, fucking you, fucking you. Thrusting, pumping, stroking deeper. Holding your hips tightly and giving you all of me.

Fuck, I know it hurts a little but it hurts good. I can't stop fucking you, fucking you, fucking you, fucking you!! I can feel you're getting close. My balls are drawn up tight and I can feel them smacking against your ass. Your cock is thicker, longer, harder. You feel amazing. I am going to count from three to one and when I get to one you are going to come so hard for me. You will explode and shoot your come in a flood, pumping your hips, clenching your ass, floating on pure pleasure.

Three, so good, fucking you, two oh, just like that...yeah...one, come so fucking hard for me. Explode for me, as you feel my hot sperm pulse into you. Fuck I am coming, come with me....

(Sounds of your orgasm here.)

(Brief pause)

So good. Feels so good to have the pleasure was through us. MMM, feel the release, feel the pleasure. So good.

(Longer pause)

Breathe and relax. Collapse on the bed, feel the weight of me on you, feel my cock still buried in your ass. I can feel your heart pounding. Take a

deep breath. Enjoy the moment of pure contentment. So good to be with you.

Our hearts are pounding. Take a deep breath and feel your heart beat start to slow. Your breathing slowly become normal. Feel me slip out of you and turn you to face me. Wrap your arms around me and feel the intimacy, the closeness. The care I feel for you. So good to share this time together. So good to be close. Breathe and feel me there with you.

(Pause)

I am going to take you back now. I will count backwards from 3 to 1 and when I reach 1 you will wake up, remembering everything that has happened and you will feel refreshed and full of peace.

3 - you feel so good, 2 - wake up now, 1 - come back to me.

Welcome back. I hope you enjoyed this experience as much as I have enjoyed you. We will have to do this again sometime soon.
