ILL ORAL SCRIPT (2015)**

For a female narratrix

I want you to just relax, breathe naturally. Become aware of your breathing and as you breathe in, you will feel a delicious tingle entering your body.

And as you breathe out, all the tensions of the day will leave you. Feel your muscles begin to relax against the surface on which you lie. Just breathe slowly and empty your mind. That's good.

Breathe in, count to three, hold it, count to three and breathe out, count to three. Listen to my voice and only my voice as you feel your body relaxing. I am going to count down from five to one and with each count you will feel your body becoming more alive. Listen to my voice as I take you deeper. Just relax and hold my hand. I am with you.

Five, Mmmmm, four, feels so good, three you are safe, two, oh, you're so aroused, one that's it—so good.

Feel the smooth pads of my fingertips stroking softly down your arms. Feather light barely making contact with your skin. My fingers are cool against your heated flesh and I can see the gooseflesh rising on

your arms. Stroking softly back up to your shoulders. My hand runs up the column of your neck. Rubbing soft on your cheek. Feel my finger slip into your mouth. That's it --suck on it gently. I pull your bottom lip down and part your mouth, kissing you softly. Feel the tip of my tongue finding yours as I push it deeper into your mouth. MMM, so good. I kiss you deeply as I stretch my body out against yours. You can feel my hard nipples pressing into the soft flesh of your breasts as I push my body tightly against yours. Just relax and let go. You know you want this. I am going to make you feel so good. My long soft hair grazes your cheek as I look into your eyes. You are so beautiful. Your body is soft and full of curves-- so like mine. The heat of my pussy is burning into your mound and slowly I begin to slide against your wanting flesh. The curly hairs rubbing against your clit causing a delicious friction. Pressing, grinding, sliding. You are so wet already, I can feel the moisture from your cunt sliding on my own swollen clit and I want you so desperately.

Feel my body slide downward as I kiss your neck, licking at the beating pulse I find there. My teeth scrape against your sensitive skin and --oh, I can feel you trembling.

Do you want me baby? You know that I can give you what you need.

No one understands a woman's body better than another woman.

Feel my tongue licking just below your collarbone. You taste so good. Kissing, tasting nipping at your skin as I move to your right breast. Feel my tongue warm and wet as I lap at your nipple. OOOH.

The tight peak is hard against my tongue and I close my lips around it and suckle hard, until your body rises beneath me. Feels so good, doesn't it. Each time I draw it harder into my mouth it feels as though I am sucking on your clit. Soon, soon I will taste you my beautiful woman.

My finger and thumb is pinching and twisting at your right nipple now as I draw your left breast into my mouth. Your breasts are so soft. So beautiful. I love the way they feel in my hand and in my mouth. Oh, yes. It is good. I can feel your hips moving now as you push your cunt up trying to make contact with my heat. You want to ease the ache don't you baby?

My hand slides down the curve of your waist and over your hip. Feel my fingers gliding over the top of your thigh as my tongue trails down over your tummy and dips into your navel. Your skin is so smooth and you taste of sweetness. I love exploring you slowly.

I can feel you trembling. You so want my fingers inside you don't you? You want me to lick at your clit, push my tongue deep inside you until I find your secret spot. You want to come for me don't you? My fingers are pressing into your thigh. Feel the pressure building. Feel the need and desire. You have waited for this for so long and now you just want to explode.

Feel my hair dragging across your tummy as I move down further and settle my body between your parted legs. I am looking at your beautiful pink pussy. It is glistening with your juices and I can smell your desire. MMM. Delicious. You are so turned on. You can feel my breasts pressed into the your thighs and my fingernails lightly scratching across your oh, so hard--nipples. Feel my fingers on your labia, lifting them and exposing your clit. MMM, you're moaning now and getting a bit impatient aren't you dear? I blow lightly on your clit and watch you shudder.

I look up the length of your body and see the lust in your eyes. You can see the tip of my tongue snake out from between my lips and – just lick softly at your clit. Mmm. Again, a little more pressure this time as I lap at you. You taste so good. I want to devour you. Licking, lapping, swirling I eat at you.
